SIMPLE, INTUITIVE, SMART FUEL MANAGEMENT SYSTEM

MADE IN ITALY
BE SMART AND ENTER THE NEW ERA OF FUEL MANAGEMENT!

PIUSI B.SMART: the name carries its meaning! An intuitive and simple Fuel Management System - composed by hardware and software (APP for drivers and a web APP on Cloud for fleet managers) driven by Bluetooth technology - to easily monitor and manage any fleet; from the smallest to the biggest.

Are you ready for the future?
PIUSI B.SMART:

ONE SOFTWARE, MANY DispensERS:
SUITABLE FOR ANY FLEET SIZE

PIUSI B.SMART is a unique expandable system: fleet managers just have to focus on the dispensers needed for the site; the software is always included “in the box” and is suitable for any fleet size: from the smallest to the biggest, single and multi-site.

As the PIUSI B.SMART software is Cloud based, it doesn’t require any installation on a local PC to allow fleet managers to check the site from anywhere and monitor fuel transactions.
